15) In this Connection it may be noted that the President of the Parishat represented in June 1930 that the site allotted to the Bristol Exchange may be given to them free of Cost He was, however, replied that land Commissioner could not be given free as the site is a valuable one and as the adjoining sites have been charged with a high upset price

These papers relate to the disposal of the site on Hardinge Road originally given to the Gujarat Samaj. As the Samaj is not in a position to undertake an expensive building, it is proposed to add on the site to the adjacent one allotted to the Karnataka Sabha Trustees. If this proposal is approved, the idea of recovering the price of the site will have to be given up. Including the grant of Rs 1000 sanctioned by Govt, the funds of the (Samaj) will be just sufficient for a building

Dear Mr. Mukharji,

I am in receipt of your letter No. 209-26-246 dated the 3rd instant, forwarding a copy of a draft memorandum as approved by Government.

I regret to inform you that though substantial contributions towards the cost of a building to be erected on the site were promised, and more were expected, the general financial condition of the Sri Venkatesa Samaja has been unsatisfactory during the last year or so, with a material falling off in membership & current subscriptions. In the circumstances it has been resolved to suspend the erection activities of the Samaja for the time being till conditions should improve.

Such being the case, it seems inexpedient for the Samaja to launch out into an expensive building scheme

to cover. whether the site can advantageously be utilised for any other

on the strength of anticipated contributions from private donors, and without very substantial patronage and assistance from Government

I request Ministers to consider the question of the execution of the Quetta Hospital and the Stalling over of the sum of Rs. [illegible] and [illegible] offered by Government may be kept in abeyance for the present, and that the Samaj may be permitted to approach Government again when a decided change in its financial position shall occur

2. Correspondence ending with letter dated the 9th September 1939 from the President of Sri Krishna Gana Samaj stating that the present financial condition of the Samaj does not permit the construction of an expensive building for the Samaj and the question of taking over the site may be kept in abeyance.

Orders No. 5552-5 | me 7-26-25-1

Read, Bangalore, the 18th February 1940.

The consulting Architect to Government was consulted as to new site No.8 on Hardinge Road which is not required by the Sri Krishna Gana Samaja to be advantageously utilised for any other purpose. He states that the adjoining site has been allotted to the Karnataka Sanitya Parishat and whose President represented that the site No.8 now allotted to the Parishat was too narrow for a suitable building and that the whole space between the III and IV Main Roads might be given over to the Parishat which intends constructing a fusion building at a cost nearly of Rs.30,000/-. The Consulting Architect accordingly recommends that the site now surrendered by the Sri Krishna Gana Samaja may be given over to the Parishat.

Government agree to this proposal and direct that the site No.8 may be handed over to the Parishat on condition that the Parishat executes a Muchalika to the effect that it will put up a suitable building on the land according to the design to be approved by Government and the land will revert to Government if it fails to comply with the above condition within a stipulated time.
